

Final Project and Final Presentation requirements:

1. Dress business casual, no hats.
2. Prepare a visual presentation
(Prezzi, PowerPoint, Google Docs, Slideshare)
3. Talk about the following (with confidence!):
 - a. Your Design and Design Choices
 - include your style tiles and make reasoned arguments for why you chose certain colors and fonts
 - include your wireframes and why you chose the layouts that you did
 - b. Your strategy for determining your breakpoints
 - Did you design mobile first? Why or why not?
 - include your wireframes and why you chose the layouts that you ended up with
 - c. Navigation style choices
 - Discuss your choice of smaller navigation
 - d. Content choices
 - What pages did you determine you needed and how did you come to that conclusion?
 - e. Anything that is unique, cool or you are particularly proud of when it comes to your project.
4. Be prepared to answer any and all questions about your site
5. Most importantly at the end discuss what you feel was your biggest takeaway lesson from the process of this project.
